

NAPCO Security Technologies Alarm Lock Division Products to Be Installed in Paoli, IN Schools Installation of ArchiTech Series Cylindrical Locks Initiated

AMITYVILLE, N.Y., Aug. 11, 2016 /[PRNewswire](#)/ -- NAPCO Security Technologies, Inc. (NSSC - Nasdaq), one of the world's leading solutions providers and manufacturers of high tech electronic intrusion security, IoT connected home, video and fire systems, as well as enterprise-class access control and door locking products, today announces that the Paoli, Indiana schools have selected NAPCO's Alarm Lock Division products, ArchiTech Series Locks to be installed in it's schools.

Casey Brewster, Superintendent of the Paoli Schools stated, "After careful consideration we have chosen the use of the Alarm Lock ArchiTech Series of locks for use in our schools. The quality and technological attributes of these locks are great. We feel these products are the best choice for protecting our students and faculty members in our schools. The creation of a secure school environment is of utmost importance given the continued trend of intruders and violence taking place on school grounds and surrounding areas. The ArchiTech locks provide us with the ability to initiate a school lock down in seconds, which is a feature that has high value. We are proud to say that we have NAPCO's Alarm Lock Division ArchiTech Locks protecting our schools."

ArchiTech Series Locks by NAPCO's Alarm Lock Division are made to be complimentary to any décor and offer full functionality to the users. The locks have the ability to wirelessly manage scheduled routines, updates, audit trail queries and many more features.

Richard Soloway, CEO of NAPCO stated "We want to thank Casey Brewster and Paoli Schools for choosing our products and look forward to the opportunity to build a long lasting relationship with the Paoli School System."
