

NAPCO Security Technologies, Inc. to Present at the Midwest IDEAS Investor Conference on August 30th in Chicago

AMITYVILLE, N.Y., Aug. 18, 2016 /PRNewswire/ -- NAPCO Security Technologies, Inc. (NASDAQ: NSSC), one of the world's leading solutions providers and manufacturers of high tech electronic intrusion security, IoT connected home, video and fire systems, as well as enterprise-class access control and door locking products today announced that Richard Soloway, President and CEO, and Kevin Buchel, CFO, will present at the Midwest IDEAS Investor Conference on Tuesday, August 30, 2016 at the Chicago Hard Rock Hotel in Chicago, Illinois. NAPCO's presentation is scheduled to begin at 1:50 P.M. CDT. The presentation will be webcast live and may be accessed at the conference website, www.IDEASConferences.com, or in the investor relations section of the company's website: <http://www.napcosecurity.com>

The conference is well attended by many sophisticated investors and NAPCO is excited to present its story and share with investors two key paradigm shifts in its business. The first paradigm shift is the addition of recurring revenue, which the Company has never had in the past. The recurring revenue stream is coming from the Company's Starlink radios, which transmits the alarm signal over a cellular network, as well as its iBridge IoT services where dealers can give homeowners the ability to control temperature, lighting, locking, see live video and receive text message video alerts. The second paradigm shift in the business is the result of increased spending for school security. With the rising trend of violence on campuses across the U.S. there is an urgent need for security upgrades in K-12, Colleges and Universities. NAPCO has products that fit every school's budget.

NAPCO management will be available for one-on-one meetings on August 30. To schedule a meeting, please contact NAPCO Director of Investor Relations, Patrick McKillop at pmckillop@napcosecurity.com or Jeff Elliott of Three Part Advisors at jelliott@threepa.com.
