

NAPCO Security Technologies Announces StarLink Connect Series Communicators Winner of Two Prestigious Awards at ISC West

- **SIA New Product Showcase "Best in Residential and Monitoring Solutions" Award -**
- **"MVP" (Most Valuable Product) Annual 2017 Award -**

AMITYVILLE, N.Y., April 10, 2017 /[PRNewswire](#)/ -- NAPCO Security Technologies (NASDAQ: NSSC) one of the world's leading solutions providers and manufacturers of high-tech electronic intrusion security, IoT connected home, video and fire systems, as well as enterprise-class access control and door locking products today announced it's StarLink Connect Series Communicators is the winner of two prestigious awards at the ISC West Trade Show taking place in Las Vegas, NV. ISC West is the largest trade show for the security industry with over thirty thousand attendees, where collectively, the attendees have the potential purchasing power of up to \$50 billion dollars.

The StarLink Connect Series of Universal Alarm Communicators with Connected Home Services, won both the SIA New Product Showcase "Best in Residential and Monitoring Solutions" Award and the "MVP" (Most Valuable Product) Annual 2017 Award in the home controls category from 'Security Sales & Integration'. Each of these awards are given after an independent panel of security experts judges a wide field of product entries for innovation, product design, features and benefits, the ability of the product to win new customers, and reduction of installation times. Products that were judged had to be launched in the last eighteen months or have a launch date effective the first day of ISC West, April 5th. Winners of the awards will have their products featured in the June 2017 edition of the industry trade magazine Security Sales & Integration.

Richard Soloway, CEO of NAPCO commented "We are very excited to be the winner of these two awards for the StarLink Connect Series Communicators. This product is just beginning its commercial launch and having these two awards endorsing it will be a great driver for future product sales. Our dealers and integrators are already excited about using this product and we are looking forward to a bright future with the Starlink Connect bringing more recurring revenue to the Company."

The StarLink Connect Series Communicators replace the need for traditional phone lines with alarm installations. Dealers will now have the ability to upgrade millions of existing alarm systems as the StarLink Connect works on virtually all security system brands. Homeowners will be able to enjoy the connected home experience with the ability to control locks, lighting, climate and receive video text alerts. NAPCO 's iBridge® app for smartphones and tablets is used to enable these features and is available for both Apple and Android devices.
