

## **NAPCO Security Technologies Announces North East Independent School District Security Project -Continental Access Control to Be Installed in Every School-**

AMITYVILLE, N.Y., Oct. 16, 2018 /PRNewswire/ -- NAPCO Security Technologies, Inc.(NASDAQ:NSSC) one of the world's leading solutions providers and manufacturers of high tech electronic intrusion security, IoT connected home, video and fire systems, as well as enterprise-class access control and door locking products today announced that the North East Independent School District ("NEISD"), located in San Antonio, Texas is installing Continental Access products. The NEISD school district operates forty- six elementary schools, fourteen middle schools and seven high schools. The student population is approximately 64,000 and has approximately 9,000 employees.

Multiple schools have already been completed and the district is adding more than 250 doors to the access control system in the fall of 2018. Continental Access' CA4k software and associated hardware has been chosen in order to secure all the outer doors for each school in the district. Wireless locking, alarm monitoring and IP video are all combined in this access control system. Features of the CA4k software program include the fastest processing times currently available on the market today, rapid door opening times, full data downloads in minutes, email and SMS alerts and control of up to 32,000 doors.

Richard Soloway, CEO of NAPCO commented "On our recent conference calls with investors and analysts we have mentioned that activity in the school security area is picking up and this recent project is an example of our comments. Legislation for funding school security continues to be passed by many states recently and we expect that this will be beneficial to our business. The project at NEISD is another important win for NAPCO that we are excited to announce. NAPCO is focused on providing solutions to all the schools in the U.S. so that the students and faculty members have a safe environment. We would like to thank the people of NEISD for choosing our products. "

### **About NAPCO Security Technologies, Inc.**
