**-An Estimated 30,000 Security Dealers, Commercial Integrators, Locksmiths, and School Security Professionals Expected to Attend-**

AMITYVILLE, N.Y., March 21, 2023 /[PRNewswire](#)/ -- NAPCO Security Technologies, Inc. (NASDAQ: NSSC), one of the leading designers and manufacturers of high-tech electronic security devices, wireless recurring communication services for intrusion, commercial fire alarm, access control and locking applications, as well as a leading provider of school safety solutions, today announced that it will be showcasing its wide range of products at the International Security Conference & Exposition, ISC West 2023 trade show taking place in Las Vegas, NV, March 28-31 at the Venetian Expo Center.

Richard Soloway, CEO of NAPCO, commented "We are excited to be a featured exhibitor at ISC West again this year. Prominently located immediately inside the main entrance of the show, our booth is all-new and designed to present our full line of security product solutions (80% commercial) in a powerful way to the tens of thousands of security professionals in attendance. Our full NAPCO sales team, management and technical trainers will be on hand, staffing the booth, and providing interactive product introductions. We also have several onsite social and educational events planned, to further engage and expand our customer base. I expect that sales leads will surely break all records. It aims to be the most exciting trade show in NAPCO's history."

About NAPCO Security Technologies, Inc.

NAPCO Security Technologies, Inc., is one of the world's leading manufacturers and service providers of high-tech electronic security devices as well as a leading provider of school safety solutions. The Company consists of four Divisions: NAPCO, plus three wholly-owned subsidiaries: Alarm Lock, Continental Instruments, and Marks USA. Headquartered in Amityville, New York, its products are installed by tens of thousands of security professionals worldwide in commercial, industrial, institutional, residential and government applications. NAPCO products have earned a reputation for innovation, technical excellence and reliability, positioning the Company for growth in the multi-billion dollar and rapidly expanding electronic security market. Safe Harbor Statement

*This press release contains forward-looking statements that are based on current expectations, estimates, forecasts and projections of future performance based on management's judgment, beliefs, current trends, and anticipated product performance. These forward-looking statements include, but are not limited to, statements relating to the impact of COVID-19*

*pandemic; the growth of recurring service revenue and annual run rate; the introduction of new access control and locking products; the opportunities for fire alarm products; and our ability to execute our business strategies. Actual results, performance or achievements could differ materially from those anticipated in such forward-looking statements as a result of certain factors, including those risk factors set forth in the Company's filings with the Securities and Exchange Commission, such as our annual report on Form 10-K and quarterly reports on Form 10-Q. Other unknown or unpredictable factors or underlying assumptions subsequently proving to be incorrect could cause actual results to differ materially from those in the forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, level of activity, performance, or achievements. You should not place undue reliance on these forward-looking statements. All information provided in this press release is as of today's date, unless otherwise stated, and the Company undertakes no duty to update such information, except as required under applicable law.*
