

NAPCO Security Technologies Announces McKinney Independent School District School Security Project

- Access Control products installed in all McKinney ISD Buildings -

AMITYVILLE, N.Y., Aug. 7, 2018 /PRNewswire/ -- NAPCO Security Technologies, Inc. (NASDAQ:NSSC) one of the world's leading solutions providers and manufacturers of high tech electronic intrusion security, IoT connected home, video and fire systems, as well as enterprise-class access control and door locking products today announced that the McKinney Independent School District has installed NAPCO's Continental Access division access control products in all buildings in the school district. McKinney ISD, located in the state of Texas, currently enrolls more than 24,500 students in 20 elementary schools, five middle schools, three high schools, two alternative campuses and one early childhood education center.

The project was recently completed using the Continental Access control products, which secure all of the exterior doors in the buildings. Additionally, the school's new \$70 million dollar football stadium which seats 12,000 people is also being secured using Continental Access products. Next-Gen. CA4K[®]Enterprise Software Platform, is a truly scalable one-box solution. It is easy and economical to use, program, deploy and maintain, combining integrated access control, wireless locking, alarm monitoring & IP video. The system features include the fastest processing times on the market with rapid door opening times, rapid reports and full data downloads in minutes. Up to 32,000 doors can be controlled with email and SMS alerts available as well.

Richard Soloway, CEO of NAPCO commented: "We are proud to announce the project that was completed at the McKinney ISD. This project, along with many others that have been completed using NAPCO's products, are a great vote of confidence for us! Our employees are dedicated to helping our nation's schools become secure safe environments for the students and staff. I want to thank the McKinney ISD folks for choosing our products and we look forward to a strong relationship with them in the future."
