NAPCO Security Technologies to Attend the UBS Global Industrials and Transportation Conference Wednesday, December 4, 2024.

AMITYVILLE, N.Y., Dec. 2, 2024 /PRNewswire/ -- NAPCO Security Technologies, Inc. (NASDAQ: NSSC), one of the leading designers and manufacturers of high-tech electronic security devices, wireless recurring communication services for intrusion, fire alarm, access control and locking systems as well as a leading provider of school safety solutions today is announcing that management will be attending and hosting one on one meetings with investors at the UBS Global Industrials and Transportation Conference Wednesday, December 4, 2024 in Palm Beach, FL.

Management will be discussing several topics, including the Company's latest innovations and recently launched products designed to enhance Recurring Service Revenue (RSR) and address diverse market demands. Highlights of NAPCO's new offerings include:

- MVP Access Control and Locking System: A state-of-the-art solution with advanced features aimed at driving RSR.
- StarLink Fire Max2: A cutting-edge fire reporting radio that integrates both AT&T and Verizon carrier services to ensure reliability while boosting RSR.
- StarLink Intrusion Max2: An advanced intrusion reporting radio featuring dual-carrier support and designed to generate RSR.
- FireLink Fire Control Panel System: Scalable fire safety solutions for commercial properties, incorporating an integrated fire reporting radio to streamline operations and support RSR growth.
- Prima Alarm System Accessories: Innovative products such as wireless solar-powered doorbell cameras and dealer takeover modules, all contributing to increased RSR.
- Specialized Locks: Electronic and mechanical lock solutions specifically designed for multi-tenant and multi-family buildings.
- Trilogy Locks: Touchscreen-operated locks that provide enhanced security with advanced functionality.

According to NAPCO CEO Richard Soloway, "These cutting-edge products exemplify our unwavering commitment to addressing the evolving needs of the market while driving sustainable revenue growth. By continuously innovating and delivering solutions that generate Recurring Service Revenue (RSR), we are positioning NAPCO as a leader in security technology and ensuring lang-term value for our customers and stakeholders."

Safe Harbor Statement
This press release contains forward-looking statements that are based on current

expectations, estimates, forecasts and projections of future performance based on management's judgment, beliefs, current trends, and anticipated product performance. These forward-looking statements include, but are not limited to, statements relating to the impact of COVID-19 pandemic; the growth of recurring service revenue and annual run rate; the introduction of new access control and locking products; the opportunities for fire alarm products; and our ability to execute our business strategies. Actual results, performance or achievements could differ materially from those anticipated in such forward-looking statements as a result of certain factors, including those risk factors set forth in the Company's filings with the Securities and Exchange Commission, such as our annual report on Form 10-K and quarterly reports on Form 10-Q. Other unknown or unpredictable factors or underlying assumptions subsequently proving to be incorrect could cause actual results to differ materially from those in the forward-looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, level of activity, performance, or achievements. You should not place undue reliance on these forward-looking statements. All information provided in this press release is as of today's date, unless otherwise stated, and the Company undertakes no duty to update such information, except as required under applicable law.
